

🌟🌟🌟 “The Kingdom  
is Within You” —  
But They Tried to  
Edit That Out.

The Gospel of Thomas is THAT GIRL.

Found buried in Egypt in 1945, this ancient collection contains 114 direct sayings from Jesus — not stories about him, but his actual teachings.

And guess what? He wasn't preaching guilt or gatekeeping — He was reminding us of our power.

“If you bring forth what is within you, what you bring forth will save you.”

—Gospel of Thomas,  
Saying 70

@corabellebj

This gospel teaches that the divine light is already inside of you.

You don't earn it. You are it. Period. Jesus says again and again: Know yourself. The Kingdom is within you.

Not up in the sky. Not locked in a temple. Not hidden behind a pulpit.

It's already in your bones.

“The Kingdom is inside of you,  
and it is outside of you. When  
you come to know yourselves...  
you will realize you are children  
of the Living One.”

—Gospel of Thomas,  
Saying 3

But here's the twist: when religious and political leaders were building the Bible — especially the KJV in 1611 — Thomas got cut. Not because it wasn't sacred, but because it was dangerous to empire.

## The Gospel of Thomas:

- Taught self-awareness over obedience
- Centered direct connection to God
- Didn't support hierarchy, control, or religious gatekeeping

Here's the good news:

✨ They may have buried it...  
but the truth is rising again.

The Gospel of Thomas is a  
reminder that:

- You were never separate  
from God
- Your divine light can't be  
erased
- You are the Kingdom.  
and the Light.

Let's reclaim our sacred story.  
Let's unlearn the fear and  
return to what Jesus actually  
said:

 Know yourself. The truth is  
already inside you.

 And no translation, no  
empire, no fear-based religion  
can take that away.
